

Introduction to Offshore Diving

5th December 2014

TUCF—Professional Diving Services
54 Bushland Ridge, Bibra Lake 6163

This course has been designed by the Underwater Centre Fremantle, to introduce engineers and other interested professionals to offshore diving operations.

The objectives of the course are as follows:

- To introduce the various codes, standards and regulations relevant to diving and ROV operations offshore.
- To introduce different diving techniques and illustrate the abilities/limitations for each.
- To display typical diving and ROV equipment to ensure familiarity.

The course allows those participants with recreational diving qualifications to undertake dives in a decompression chamber. Each student who wishes to participate in the chamber dive will be required to meet the following prerequisites prior to diving on the course:

- PADI Open Water Diver or approved equivalent.
- 18 years of age
- Medically in date (to recreational standard AS4005.1. This means if they are under 30 years old they must have one in the last 5 years, if they are between 30 and 50 years old they must have one in the last 3 years, and if they are over 50 they must have one in the last 12 months.)

Diving participants will be required to complete:

- PADI Medical Statement.
- TUCF Statement of Understanding.
