With changes to the Subsea industry in recent times, the SUT YES! Committee has organised an experienced and interesting panel to provide insight into their careers and share some changes/challenges they have seen within the

industry throughout their careers. This panel discussion will provide you with an opportunity to obtain a greater understanding of how the industry has evolved due to technological advancements and changes in the economy, whilst providing you with the opportunity to ask questions of the panel. An opportunity for networking will follow the panel discussion.

Panel Includes:

Ray Farrier
Director
Ray Farrier Consulting

Afton Galbraith
Operations Manager
Subsea Engineering Associates

Mike Robinson
Regional Director – Subsea Services
FMC Technologies
