

# Introduction to Offshore Diving

**Thursday, 5 December 2013**

**The Underwater Centre Fremantle (TUCF)**

**35 Sparks Road, Henderson 6166**

This course has been designed by the Underwater Centre Fremantle, to introduce engineers and other interested professionals to offshore diving operations.

The objectives of the course are as follows:

- To introduce the various codes, standards and regulations relevant to diving and ROV operations offshore.
- To introduce different diving techniques and illustrate the abilities/limitations for each.
- To display typical diving and ROV equipment to ensure familiarity.

The course allows those participants with recreational diving qualifications to undertake dives in a decompression chamber. Each student who wishes to participate in the chamber dive will be required to meet the following prerequisites prior to diving on the course:

- PADI Open Water Diver or approved equivalent.
- 18 years of age
- Medically in date (to recreational standard AS4005.1. This means if they are under 30 years old they must have one in the last 5 years, if they are between 30 and 50 years old they must have one in the last 3 years, and if they are over 50 they must have one in the last 12 months.)

Diving participants will be required to complete:

- PADI Medical Statement.
- TUCF Statement of Understanding.
