Presentations from:

Typical Development of a Subsea Production System

William Wagland, Project Engineer, Production Systems, OneSubsea

OneSubsea have a global execution structure with design centres of excellence in a number of different countries. This presentation will walk through a typical subsea development as executed by OneSubsea and explore how the local project execution team work with the various centres of excellence to provide a unified solution for a subsea development.

The Execution Phase: Offshore/Subsea Construction

Aaron Pushparatnam, Installation Engineer, Technip Oceania Pty Ltd

What are the main things that have to be considered for the offshore phase of a project? This presentation discusses the challenges and opportunities, using the Balnaves and Prelude fields as examples.

Influencing Culture Through HSE Processes

Seamus Grainger, Graduate Engineer, DOF Subsea Australia

As young professionals, the easiest thing to do is excel at our jobs; we're flexible, energetic, dynamic and wanting to make a difference. We're a productive resource and this makes us fantastic for the bottom line. It also means we find ourselves directing our focus to deadlines, decisions and deliverables. This is such a small part of the value that we can add. By considering the messages and ideas behind the HSE protocols that we're bombarded with, we realise an opportunity to lead the culture of our organisations and industry. Focusing on this influence creates a place where we can add significantly more value than merely revenue.

Programme:

5.30 pm: Registration and drinks

6.00 pm: Presentations

7.15 pm: Networking, games, drinks & snacks

8.15 pm: Event close

Event proudly sponsored by:

REGISTRATION FEES: \$25 for Members, \$35 for Non-members. SUT YES! Events are aimed at young professionals who are new to the industry and students in their final year of study. YES! Event registrations are available online. Payment during the registration process (via Mastercard or Visa credit card) is required in order to secure your place. Should your organisation wish for an invoice, all names will be required upfront and changes in delegate numbers will not be permitted. To request an invoice please email perthevents@sut.org with all delegate names. Should you have any questions please contact the SUT on + 61 (0) 8 9481 0999 or email perthevents@sut.org.
