Time: 5.30 pm – 8.30 pm

Free Registration. Drinks and finger food will be sponsor dependent.

To register for the event visit www.trybooking.com/MARA

Welcome by: Dr. Julie Morgan, SUT Perth Branch Chairperson

From BOOM to BUST or BOOM to BLOOM? Let's IDENTIFY the OPPORTUNITY in ADVERSITY!

Perth has been through many a boom and is transforming once again, but this time there are unprecedented numbers of experienced engineers and scientists that have increased availability to take on new challenges.

This event is an opportunity for sharing ideas, looking for opportunities and tapping the pool of world-class engineering talent here in Perth.

SUT PHOENIX (name tbc)

The SUT is a multidisciplinary learned society that brings together organisations and individuals with a common interest in underwater technology, ocean science and offshore engineering. Under the auspices of SUT special interest groups have been formed of like-minded souls.

The event is intended to provide a forum for SUT members to discuss the formation of a special interest group focused on finding:

- Opportunities for pro-bono or voluntary contributions to support education and the community
- Support for mentoring, training or career episode management
- Opportunities for collaboration and networking for near-retired and under-employed

Actions for PHOENIX

For this special interest group to be formed, a voluntary steering group would be needed to:

- Define its remit, operational requirements and budget (if required)
- Select the group's name
- Organise and hold an inaugural event at which the formation of the S.I.G. can be implemented and committee of management appointed

REGISTRATION FREE: Please register to give us an indication of numbers (cash bar)

Join the Society of Underwater Technology Now
Apply for Membership today by visiting www.sut.org.au.

Sponsorship opportunity available
