

SUBSET OF SUT FOR YOUNG PROFESSIONALS

## SUT+ Committee Member

Welcome to the Boardroom!

### Remit:

To work with other committee members, including local SUT branch members, to assist in the general running and management of the SUT+ Committee. The SUT+ Committee aims to work together to build a regular calendar of events including Industry Site Visits, Technical Presentations, Social & Networking Events and Professional & Personal Development Workshops aimed to increase newcomer's appeal and understanding of underwater technologies and related markets.

### Main responsibilities:

- Attend monthly SUT+ Committee meetings
- Plan, organise and manage events with the support of the SUT Events Manager
- Represent SUT+ at planned events including SUT evening meetings and other industry events
- Represent and communicate latest SUT+ activities at main SUT Committee meetings
- Work with local universities and industry bodies to increase exposure of SUT+ in the local industry

### Benefits:

- Opportunity to network with industry peers including representatives from operators, design houses, service providers and more
- Increased exposure to other areas of the industry
- Personal and Professional development - ideal for your quarterly reports!
- Free admittance to SUT Evening Meetings and invite to annual SUT Committee meal
- And of course...good banter with fellow Committee members!
