The Society of Underwater Technology (SUT) invites you to the series of lunch and learn session for 2018. SUT is a multi-disciplinary learned Society bringing together individuals and organizations from more than 40 countries that have a common interest in underwater technology, ocean science and offshore engineering. The SUT was founded in 1966 and includes engineers, scientists, other professionals, and students.

This first lunch and learn session in 2018 will help the audience to catch up on the latest technical developments of flexible lines. The presenters will share with you their latest technology breakthrough on design, materials and installation.
