Join the SUT + and Lloyd's Marine Under 35s group for a tour of the Lloyds building. The iconic, Grade I listed Lloyd's of London building is accurately described as "the world's leading specialist insurance market" and is a place where those selling insurance coverage (underwriters) make contact with those buying insurance on behalf of clients worldwide (brokers). The Richard Rogers design boasts external utilities and open floor areas, uncluttered by building services and pillars with around 2,700 underwriting seats on the trading floors.'

The tour is from 3.30 to 4.30pm then on to the drinks reception at The Old Tea Warehouse, 4-8 Creechurch Lane, London, EC3A 5AY
