If you're new to the industry, just starting your career, a recent graduate, or a student, then this event is for you! The SUT+ is designed to help you kick start your network of contacts in the marine industry and explore the various activities that take place in this sector. This network focuses on the London and South East region of the UK, so if you live or work in that region, we'd love to welcome you to our community.

This free event will introduce you to the current team leading the SUT+ in the LSE area, explain what the SUT+ does, and will explore how you can become more involved, should you wish to be. After all, this Society is all about you!
