

SUT YES! & SPEYP Lawnbowls Sundowner

Event Reflection Report

Perth & Tattersall's Bowling & Recreation Club

12th November 2021

Elena Gerginov, SUT YES! Committee Member

A Lawnbowls Sundowner to round of the year was always on the cards for the SUT YES! Committee to celebrate and wind down from a busy 2021. Following the positive collaboration with the Society of Petroleum Engineers Young Professionals Committee for the Quiz Night in March 2021, we decided to end the year with another successful collaboration.

The Event was held on Friday 12th November 2021 at the Perth & Tattersall's Bowling & Recreation Club in East Perth. Approximately 30 people joined the evening and we mingled over pizza, drinks and tried our hands (and feet) at playing Lawnbowls. For the majority of the attendees, this was their first time playing Lawnbowls so we were very grateful for the wonderful staff at Tattersall's for walking us through our first couple of games.

SUT YES! & SPEYP Lawnbowls Sundowner – Event Reflection Report

The sky provided a beautiful backdrop for the night and a lot of cheers could be heard as people successfully knocked an opponent's ball away or, sent their own bowl down the drain. We had so much fun, that we forgot to set up team names and almost forgot to do a "bowl-off" for the prize! It was a great way for people to network and make some new connections, without the pressure of a formal setting. We look forward to running a similar event in the future.

We would like to thank the event sponsors: Society of Petroleum Engineers WA, Atteris, Woodside, Santos and TechnipFMC without whom the event would not have been possible. Lastly, thanks to the SUT YES! and SPEYP committee members who helped organise the event
