

SUBSEA CONTROLS
DOWN UNDER 2024

SUBSEA CONTROLS DOWNUNDER CONFERENCE

Tuesday, 29th – Wednesday 30th October 2024
Parmelia Hilton

KEYNOTE SPEAKER

GABRIELLE PENNOCK | Vice President of Engineering | Woodside

Gabrielle Pennock is Vice President of Engineering at Woodside. She has been working in Major Projects and leading operational teams in the energy industry for more than 20 years. Her previous roles at Woodside include Project Manager for New Energy Solutions, Vice President Subsea & Pipelines and Strategy & Governance Manager for Developments.

She has led global engineering teams in subsea production and projects, including the Technical Authorities and Subsea Wells Group, who interfaced with drilling & completions to design and safely execute subsea tree installation activities, well completions, interventions and plug & abandonment campaigns.

Gabrielle is a Director of AROSE (Australian Remote Operations for Space & Earth), a Fellow of Engineers Australia and a member of the Engineering Leadership Council for the International Association of Oil & Gas Producers (IOGP). She holds Bachelor Degrees in Engineering (Mechanical Honours) and Science (Materials Chemistry).
