

# SUT Perth Branch Information

## What is the SUT?

The Society for Underwater Technology (SUT) is a not-for-profit, multi-disciplinary learned society founded in 1966, that brings together organisations and individuals with a common interest in underwater technology, ocean science and offshore engineering.

The SUT considers all aspects of technology applied to:

- Diving and manned submersibles
- Environmental forces
- Marine policy
- Marine renewable energies
- Ocean resources
- Offshore site investigation and geotechnics
- Subsea engineering and operations
- Underwater robotics
- Underwater science
- Underwater vehicles

## Perth Branch Membership

Individual membership is only \$165/year

Corporate membership available from \$1,650/year

Academic/not for profit membership is \$825/year

Info on other categories available separately

## Benefits

- Membership is exclusive to underwater professionals
- Forum for networking and communication between members through branch membership, events and specialist groups, e magazines and website
